OBJECTIVE

Computer Science Engineering graduate with hands-on experience in React.js, JavaScript, HTML, CSS, and MERN Stack development. Passionate about building responsive web applications and solving real-world problems through clean, scalable code. Seeking an entry-level Software Engineer role where I can contribute to impactful products while continuously learning and growing.

EDUCATION

B.E Computer Science

2022 - 2026

KPR Institute of Engineering and Technology (KPRIET), Coimbatore

TECHNICAL SKILLS

Languages	HTML, CSS, JavaScript, Java,React JS, Node JS, MongoDB, Express
Soft Skills	Problem Solving, Team Collaboration, Time Management, Adaptability

INTERNSHIP EXPERIENCE

MERN Stack Development

Present

Camerin Health Technologies

Kochi

- Developed 3+ web pages using HTML,CSS,Javascript,improving UI/UX for users .
- Collaborated with the team to implement responsive web designs,reducing page load time.
- Improved mobile responsiveness across devices.

PROJECTS

Tumor Detection using Medical Images. Developed an AI-driven system for tumor detection and segmentation using medical imaging datasets. Implemented deep learning models such as U-Net and Faster R-CNN for precise localization and classification of tumor regions. The project aims to assist radiologists by improving diagnostic accuracy and reducing analysis time.

Weather App. Engineered a web-based weather forecasting application that dynamically fetches real-time weather data through OpenWeatherMap API. Designed the frontend using HTML, CSS, and JavaScript. Focused on responsive UI and efficient API handling for optimal performance.Added speech recognition API.

Indian Postal Search. Integrated an Website which gives the details of the post office when we enter the postal code.The datas are collected using Indian Postal API.Technologies like HTML5,CSS,JAVASCRIPT,TAILWIND CSS are used.

Sample Portfolio. Developed a responsive and interactive personal portfolio website using HTML5, CSS3, and JavaScript. Emphasized UI/UX principles, animation effects, and modular design to highlight technical skills, projects, and achievements in an engaging, professional format.
